**Faculty Training Program on “Importance of Insurance and Its Benefits for Investment & Financial Security”**

The Institute organized a Faculty Training Program on 20<sup>th</sup> May 2026 on the topic “**Importance of Insurance and Its Benefits from Investment & Financial Security Perspective**” for faculty members and non-teaching staff. The session aimed to enhance awareness and understanding of insurance as an essential component of financial planning and long-term security.

The program was conducted by representatives of Generali Central Life Insurance company, who shared valuable insights on various aspects of insurance, including life insurance, health insurance, retirement planning, wealth creation, and risk management. The experts highlighted how insurance not only provides financial protection against unforeseen circumstances but also serves as an effective investment and savings tool for individuals and families.

The faculty members actively participated in the discussion and clarified their queries regarding insurance policies, investment options, claim procedures, and financial security planning. The session proved to be highly informative and beneficial in creating awareness about personal financial management and future preparedness.
